# ABOUT BALAJI LAW COLLEGE

## COURTING QUALITY EDUCATION IN LAW

**B**alaji Law College, located in IT neighbourhood of Tathawade in Pune, has top-class infrastructure, coupled with quality education, where Discipline, Dedication and Determination are inculcated in young minds that will metamorphose into legal luminaries. It is no wonder that one of the leading advocates, Harshad Nimbalkar, remarked during his visit: "I am greatly impressed with the premises and the Law faculty; students also are eager to learn things."

Balaji Law College comes from the stables of the renowned Sri Balaji Society, with its 4 premier Management Colleges, honing top quality managers for the corporate sector in India. Steering it is Dr. (Col) A Balasubramanian, who believes in providing best quality education where faculty as well as infrastructure adheres to international standards. Within a short span of its inception, Balaji Law College has successfully catapulted itself in the legal education sector and has stood the test of time in creating corporate lawyers, who are well-placed in the industry.

**Making students professionally competent**  
"Being conscious of the fact that law and society are interrelated and interdependent and the importance of law in the light of globalization, we, the members of Balaji Law College founded under the aegis of Sri Balaji Society with able guidance

of the Founder President Dr. (Col) Balasubramanian Sir, endeavour our best to make the students socially relevant and professionally competent. The students are nurtured with the spirit and content of professionalism to make them perfect social engineers. The college's firm commitment is to inspire confidence and imbue courage in the students to meet successfully the challenges in the profession and inculcate professional culture of advocacy and instill a sense of loyalty to serve the needy persons in the society," says Dr. SVS Kamasai, Principal of Balaji Law College. Dr. Sapna Bansal, Vice

Principal, proudly states that while their spacious classrooms provide an amiable atmosphere to teach and study, "Our methodology of teaching is to make the students thorough in every subject. For this, we teach them one concept first and then make them write an assignment on it. This comprises probiotic questions and frequently asked questions in the last 10 years of question papers. We correct and point out, if there is any scope for improvement. Thereafter, we give a surprise test. Hence, for every subject, the student goes through the portion, thrice, in order to make him or her, thorough."

**Quality faculty**  
"The College has a team of dedicated and experienced faculty ever ready to guide students in academic and extra-curricular activities. Our library has a number of text books, law journals and periodicals that cater to students' needs. Besides classroom lectures we arrange guest lectures by top personalities from academics as well as other fields. We also encourage students to participate in events like Moot Courts, legal quiz etc. We also maintain a free legal aid clinic to acquaint the students with the client - counsel interactive process," adds Dr. Kamasai.

Parents know what is happening in terms of their wards' performance. Dr. Sapna elaborates, "If a student is absent for more than 3 days, parents are informed. They are also apprised of their results, every semester."

**Best-in-class library**  
The library is one of the 'best in class'. Says Dr. Sapna, "We keep adding new books to the library. Besides, the computer laboratory equipped with 45 computers ensures that students do not have to go to an outside cyber café for research and for enhancing their knowledge. The expansive Moot Court hall is used

for internal Moot Competitions. The 120-people-capacity seminar hall is an ideal place for hosting guest lectures. Final year students go to villages to counsel villagers, who are in turn invited to visit the college for legal help - thus, establishing harmonious interaction between academia and field experience."

Balaji Law College ensures that its students get an opportunity for holistic development and provides them with all the facilities required for their career as well as personality development. My five years at BLC have been very beneficial to me professionally, morally, and academically. ### B.A.LL.B Batch of 2015-2020

BLC for me stands for 'Biggest Life Changing' event. The journey started with more opportunities than I could avail and ended with, me availing all the opportunities BLC could provide. The confidence which has been inculcated in me makes me proud every time I introduce myself as an Alumnus of BLC as well as competent enough to stand against and between any social strata. Due to its huge impact, I remember every moment from day one till the 15th of march when we had an abrupt and unexpected ending. I have been and always be fortunate that I have found friends, mentors and teachers for life, during my journey. The journey is so precious to me that instead of sharing everything I prefer to save it for my biography.

Always laugh and be curious.

### B.A.LL.B Batch of 2017-22

"if I have to put the most fundamental thing, I learned from BLC in a few words it would be, "Life is unpredictable". I was nothing but a scared 18-year-old introvert who experienced nothing beyond books, but here in BLC, I got a voice, I entered into this huge family where everyone was helping each other, where there was scope to explore academic and non-academic skills. Where I finally got out of my cocoon and learned to fly. All of my five years in this college, irrespective of two of them being online, I grew, these five years made me the person that I am today, and I am proud of what I have become."
