Bill and Sanction of Rain Water Harvesting facility

1. Sanction for the instalment of Rain Water Harvesting Facility-

NOTING SHEET

SUB: Rainwater Harvesting for BLC and BCACS Building

1. The existing rainwater harvesting system in BCACS Building is based on the catchment of surface water. In addition to this we need to do Roof Top Rain water harvesting for which down take pipes are already in position, but we have to drill recharge bores for this.

2. Rainwater harvesting also covers weightage for NAAC accreditation for BCACS. For this also we need to carry out roof top rainwater harvesting. Necessary down take pipes have already been installed at five locations. A technical assessment was carried out in consultation with two agencies M/s "Sairaj Marne Plumbing" who has done installation of filters and redirection of roof top water into recharge bores and M/s "Pride Tubewells" who have drilled most of our recharge as well as yielding bores in both the campuses. From our side our engineers M/S Jadhav and Waghela along with myself carried out the entire survey, and ultimately recommend drilling of two additional recharge bores, repair and remodeling of five surface water recharging pits and installation of three filters, two inside chambers and one on vertical down take pipe. Exact locations to borewells, surface water recharging pits and water filters are given on sketch attached. R. S. Rao

3. For the above mentioned works, quotations were called from M/s "Sairaj Marne Plumbing" for installation of three roof top water filters and modification of five surface water recharging chambers. Quotation was also called from "Pride Tubewells" for drilling two recharge bores of 100 ft. deep each.

 मधुसूत्री जाधव
In-charge Principal
Balaji Law College

4. The final rates achieved after due negotiations are as per the table given below:-

Sairaj Marne Plumbing	Rs 1,69,830/-
Pride Tubewells	Rs 38,940/-

5. It is recommended that all these actions be completed at the earliest as the NAAC Committee may visit the BCACS campus in near future.

6. Necessary sanction forms are put up as per following details for your approval please:-

- (a) Sanction for borewell drilling - two - Sanction form 130
(b) Sanction for filter and remodeling of recharge pits - five - Sanction Form 12

REQUEST FOR SANCTION FOR PAYMENTS

Requisition No. 129
(As per 'Register for sanction to be maintained by Office Superintendent' and initialed by the Director :
Date of initiation : 03/02/2020
Name of the Institute/College/Office Advisor office (SBS)

1. DETAILS OF AUTHORISED AUTHORITY WHO INITIATES THIS SANCTION FORM

(a) Name S.D. Jadhav
(b) Designation Site Engineer (SBS)

(c) Clear Details of the Bill :

(I) No. of the bill if any -

(ii) Date of the Bill -

(iii) Bill issued by (Name of the authority/shop/establishment with full address which has issued the bill)

Sairaj Mavre Plumbing
Survey No 35/13 opp Balaji Law college,
A/p Tathavade, Tal - Mulshi, Pune 411033

(d) Total amount including taxes, if any: Rs. 1,69,830/- plus GST (In words): Rs. one lakh
sixty nine thousand eight hundred thirty plus GST

(e) Details of PAN card(Attach Xerox copy): Yes / No

(f) Is it an expenditure which doesn't fall

(I) Under the category: yes

(ii) If so, explain why? this is quotation. Bill will be submitted after work completion.

(g) Mode of payment proposed: cheque

(h) In whose favour does the cheque need to be issued Sairaj Mavre plumbing

(I) What is the actual date on which the expenditure took place: -

(J) In case of any delay beyond one week in initiating the sanction form explain the reasons:

Limit
8/1/20

DESCRIBE THE ACTUAL EXPENDITURE IN DETAIL

Expenditure towards Rainwater Harvesting (Roof top water and
surface water) for Riverside (BCAC) at s.no. 3/1+9, Tathavade
quotation and sketch attached.

SIGNATURE OF SANCTION INITIATING AUTHORITY

I certify that the details mentioned above have actually taken place for essential activity / requirement of the institute/office correctly
